Corporate Social Responsibility

FY 2023-24

Stitching new beginnings

We empowered eight former sex workers by providing them with motorized sewing machines. Through collaboration with Katkatha NGO's Dream Village center, these women underwent comprehensive sewing and stitching training. With the right skills and tools, they're moving towards independence and dignity.

Ensuring education and wellbeing of young girls

At Katayani Tribal Girls Hostel, we furnished essential educational supplies and extended warmth through shawls, preparing the girls for studies and safeguarding their well-being amidst Delhi's harsh winters. This initiative represents a crucial step in empowering young girls.

Fostering education and inclusion

In partnership with Cheshire Home India, Delhi, we distributed ADL Kits and cognitive games to fifty differently-abled children. This effort was aimed at enriching their learning experience and fostering their development.

Educational resources for a brighter future

We distributed dictionaries and general knowledge books among 35 boys and 15 girls at the Government Tribal Boys and Girls Hostel in Pohari district, Shivpuri, marking a significant step in providing ongoing educational support for a brighter future.

Providing warmth and comfort

In collaboration with the Vigyan Foundation, we distributed 125 blankets at Paltan Chhawani Shelter Home in Lucknow. This initiative addressed the immediate needs for warmth and aimed to foster a sense of community and solidarity among the recipients.
