

Job Title: Specialist – Programs & Trainings

Location: Bhopal, Madhya Pradesh

Reporting to: State Director

Ipas Development Foundation (IDF) has been working in India since 2001 to improve the sexual and reproductive health ecosystem in the country. In close collaboration with the national government and formal partnerships with state governments, we work in communities and with the public and private health systems to enhance access to sexual and reproductive health services, particularly comprehensive abortion care, and choice-based contraception.

Visit us at: www.ipasdevelopmentfoundation.org

Who are we looking for?

The Specialist – Programs & Trainings will lead the state-wide (all districts of MP) implementation of an intervention that aims to enhance the capacities of service providers and frontline workers at government health facilities to improve contraceptive uptake across all districts in Madhya Pradesh. S/He will be responsible for supervising the project team for the timely achievement of program deliverables. A highly motivated professional with a post-graduate qualification in Social Sciences or Public Health, with 8 to 10 years of program management experience in the reproductive health or family planning sector, will be well-suited for the role. The candidate should have fluency in Hindi and English and should be willing to travel extensively across project intervention areas in the state. Further, the candidate should bring supervisory experience of managing technical personnel and program staff, be proficient in MS Office applications.

Experience of working with health officials in the state government is preferable. Also, experience working in the sector of SRH will be preferred. This role requires 50% of travel across all the intervention districts of Madhya Pradesh.

What would you be expected to do?

The responsibilities of the Specialist – Programs & Trainings include:

Program Planning:

- Responsible for developing a project work plan aligned to the donor deliverables.
- Support the supervisor, and facilitate the issuance of relevant state-level orders and guidelines to strengthen project interventions at the field level.
- Develop plans with the Senior coordinator for the orientation of district health officials on the project.

- Work with the Senior Coordinator and Nursing Trainer to plan state level ToTs with integration of Values Clarification for Action and Transformation for Family Planning (VCAT) sessions in the training.

Program implementation:

- Ensure implementation of project interventions across the state as per approved plans to achieve program goals.
- Guide the Senior Coordinator to organize and implement the orientation program of district health officials.
- Mentor and support Nurse Trainers to ensure effective implementation of state level TOTs.
- Conduct monthly project review meetings and brief the supervisor on progress, gaps, and support required for timely achievement of deliverables.
- Identify skill gaps within the team and support the Nurse Trainer in planning and conducting capacity-building activities.

Monitoring, Documentation, and Reporting:

- Track program delivery through routine analysis of MIS data.
- Update workplans and analyse division-wise and district-wise performance against planned targets
- Identify gaps and potential areas of improvement through analysis of data and develop actionable recommendations for the program.
- Provide support in improving district level record keeping and documentation.
- Document activities and prepare reports on program status, as necessary on aspects such as field progress, implementation challenges, innovations, and lessons learned.

Others:

- Coordinate with other IDF projects operating in similar geographies to maximize program output and enhance organizational visibility.
- Ensure compliance with IDF policies and procedures while approving vouchers, claims, timesheets, and leave plans of the team members.
- Carry out any other work or assignment as may be required for the effective implementation of the project.

What is it like working for IDF?
